

Doctorate (Dr.med.vet.) position

We are seeking a veterinarian to undertake a postgraduate research project on the pathogenesis of rotavirus infection in pigs.

The project will have a focus on *in vitro* and morphological studies.

The position is available from 1st August 2022,
initially for 12 months.

The post holder has the following tasks:

- Practical work for the dissertation project
- Contribution to the Institute's post mortem diagnostic service (pathology internship)

The successful applicant fulfils the following requirements:

- EU-recognised veterinary degree
- Interest in laboratory work
- Interest in pathology and in postgraduate training in this discipline
- Very good English and German skills (spoken and written)

We offer:

- Dissertation (Dr.med.vet.), experience in advanced cell and tissue culture, advanced light and electron microscopy, combined with training in pathology (internship)
- Option for a subsequent residency towards the certifying examination of the European College of Veterinary Pathologists
- Salary according to the guidelines of the SNF

For further information on the project and the internship, please contact Prof. Dr. Anja Kipar (email: anja.kipar@uzh.ch).

Please submit your written application with your CV and letter of motivation by 12.06.2022 to:
