

Veterinary Clinical Pathologist at TDDS, Veterinary Pathology Group, UK

Are you an energetic, personable, talented Clinical Pathologist, motivated by high quality diagnostic work with an eye for innovation? If you are, we have a great position for you.

TDDS and our colleagues in the Veterinary Pathology Group (six laboratories including Bridge Pathology) offer a complete, expert, accessible, fast, innovative, private courier-based diagnostic Service across the UK and Ireland. We are the UK benchmark for cytology, histopathology, immunohistochemistry, diagnostic PCR and toxicology. Our client base ranges from rural practices in Southern Ireland to all the privately owned referral centres in the UK.

The position will be based in the Exeter Laboratory (the largest in the group). Applicants should be board certified by the American College of Veterinary Pathologists, European College of Veterinary Pathologists or Royal College of Pathologists, although experienced applicants who are sitting their postgraduate examinations in the next year will also be considered.

To apply for this position, please send your CV and covering letter by email to Dr Andy Torrance at TDDS@exeter.ac.uk. For informal enquiries please contact Andy directly at agtorrance@googlemail.com. Review of applicants will begin immediately and continue until a suitable candidate is selected.
