British Society of Veterinary Pathologists Companion Animal Meeting 2018

Ocular Pathology

Saturday 16th June 2018

Harvest Fields Centre, Birmingham

This year's BSVP companion animal meeting offers a varied lecture series focused on ocular pathology. Lectures from specialists in veterinary pathology, veterinary ophthalmology and veterinary oncology offer a stimulating platform for discussion and provides quality CPD for both veterinary specialists and first opinion practitioners alike. Speakers include Emma Scurrall (Cytopath), Sue Murphy (University of Edinburgh) and Caroline Thaung (a consultant in Ocular Pathology at Moorfields Eye Hospital, London).

Registration for this conference opens at the end of February 2018 and for more details see:

<http://www.bsvp.org> or contact the Scientific Organiser, Melanie Dobromylskyj (Melanie.Dobromylskyj@finnpathologists.com).
