

Annual seminar of the French Society of Veterinary Pathology

Update on Gastrointestinal Biopsies and Clinicopathological correlations

12th- 14th December 2019

Maisons-Alfort, ENVA.

Guest speakers

Dr Valérie Freiche (ENVA, Paris, France)

Pr Simon Priestnall (Royal Veterinary College, London, UK)

Pr Michael D. Willard (Texas A&M University, USA)

Objectives

We are very pleased to have Dr Valérie Freiche, Pr Simon Priestnall and Pr Michael D. Willard as invited experts this year for our annual seminar. The focus of the seminar will be clinical and pathological correlations on gastrointestinal biopsies.

This two-day workshop will allow participants to discuss a variety of cases of gastrointestinal pathology with the speakers and share their experience. Participants will enjoy case discussion through digital microscopy, as well as lectures.

All attendees are kindly requested to provide non-tumoral and tumoral gastrointestinal pathology cases from their own daily practice in canine or feline histopathology. The submitted cases should include complete clinical history, gross pictures if available and stained histological slides. Digitalized sections will be used during the seminar.

The dead-line for case submission is **5th October 2019**. Additional information is under "*Case submission information*" section below.

Preliminary Agenda

Thursday 12th December 2019 (18:00-21:30)

18:00-18:30 Registration

Update on Feline Gastrointestinal Lymphoma

Dr Valérie Freiche (ENVA, Paris, France)

20:00 Cocktail

Friday 13th December 2019 (9:00-18:30)

How We Got To Where We Are (or ... What The Internist Wants and What The Internist Needs Are Not Necessarily The Same Things)

Pr Michael D. Willard (Texas A&M University, USA)

Histopathological Evaluation Of Gastrointestinal Biopsies With Reference To Scoring Systems

Pr Simon Priestnall (Royal Veterinary College, London, UK)

Case-Based Discussions – Speaker and Participant Provided Cases

18:30-20:00 SFAPV Annual General Meeting (members only)

20:30 Course dinner

Saturday 14th December 2019 (9:00-12:30)

Gastrointestinal Biopsies and Clinicopathological Correlations – Discussion/Case Analysis

Pr Simon Priestnall (Royal Veterinary College, London, UK)

Pr Michael D. Willard (Texas A&M University, USA)

Registration

Online registration will be open from **9th September**.

Registration fees

SFAPV Member	400€
Non Member	500€
Non Member resident #	100€

#A certificate of residency or scholarship is required from residents.

The registration fee includes tuition, on site **lunches, coffee breaks, seminar materials**, and **Thursday evening cocktail**. Travel expenses, accommodation and other meals not specified in the program are **NOT** included in this fee.

Registration fees are not required for DESV-AP students provided they submitted at least one case to be showed during slide discussion.

General information

General information about transportation and location of the seminar will be communicated lately.

Case submission information

Sections will be digitalized for the seminar. Cases from non-tumoral and tumoral gastrointestinal pathology should be provided with:

- Complete clinical history
- Gross pictures if available
- Relevant stained histological slides (one copy)

The dead-line for case submission is **5th October 2019**
