Privacy Statement

Scope of validity

This privacy statement explains to users the type, scope and purpose of the personal data collected by the society, for purposes of administering the membership of the Society and communicating with members.

Handling of personal data

Personal data is information that can be used to identify a living person, i.e. details that can be traced to a person. This includes the name, e-mail address or phone number. Personal data is only collected, used and passed on by the European Society of Veterinary Pathology if this is permitted by law or if users consent to the collection of their data.

Making contact

Members of the ESVP may apply to access the “members’ only” section of the ESVP website at

When registering for access to this part of the ESVP website, the user’s details are stored for the purpose of processing the application as well as in the event of subsequent business of the Society.

Revocation, amendments, corrections and updates

On request, the user has the right to receive information regarding the personal data which has been stored about him/her free of charge. In addition, the user has the right to corrections of inaccurate data, blocking and deletion of his/her personal data provided there is no legal obligation to retain such data.
