

**POSITION AVAILABLE:** Diagnostic Pathologist, Assistant/Associate/Full Professor of Clinical Diagnostic Pathology, in the California Animal Health and Food Safety Laboratory System (CAHFS) and Department of Pathology, Microbiology, & Immunology, School of Veterinary Medicine, University of California, Davis. Salary and rank commensurate with qualifications. The successful candidate will be in residence at the CAHFS laboratory in San Bernardino, CA.

**SALARY:** Dependent on qualifications and experience.

**QUALIFICATIONS:** Veterinarian with advanced training in anatomic pathology required. PhD in veterinary pathology or related field preferred. Certification or eligibility by the American College of Veterinary Pathologists or equivalent preferred. A demonstrated interest and aptitude in food animal, equine, and avian diagnostic pathology and disease investigation preferred. Demonstrated scholarly research production desired. Must possess excellent interpersonal and communication skills and a demonstrated ability to work with others in a collegial team atmosphere.

**RESPONSIBILITIES:** Diagnostic Service: The candidate will function as a diagnostic pathologist in a food animal, equine and avian diagnostic laboratory in San Bernardino, California. Emphasis will be placed on diagnosis of diseases affecting food animal species. Interaction with veterinarians and livestock producers is an integral part of this position.

Research: Creative use of diagnostic case material is an essential requirement of the position, including publication of findings.

Teaching: The incumbent will have clinical and limited didactic teaching responsibilities to veterinary students, undergraduate, graduate students, and residents.

University and Public Service: University and public service through committee work, participation in professional organizations, continuing education and other appropriate means is required.

**APPLICATION PROCESS:** To receive fullest consideration, applications must be received by August 15, 2009; position open until filled. Questions regarding the position should be directed to Dr. Mark Anderson at [manderson@ucdavis.edu](mailto:manderson@ucdavis.edu). Interested applicants should submit 1) a letter of intent outlining special interest in the position, overall related qualifications and experience and career goals; 2) curriculum vitae; and 3) the names and addresses of three to five professional references to:

Dr. Hailu Kinde, Interim Director  
California Animal Health and Food Safety Laboratory System  
School of Veterinary Medicine  
University of California  
Davis, CA 95616.
