MRC Centre for Drug Safety Science

## PhD Training Position in Toxicological Pharmacology and Pathology

**£18,000 pa - stipend**

This 3-year research training post, partly funded by Industry (and open to UK/ EU applicants), provides an exciting opportunity for a veterinarian interested in a career in applied toxicological pharmacology and pathology. You will be based in the MRC Centre for Drug Safety Science and work under the supervision of pharmacologists and veterinary pathologists on a collaborative, interdisciplinary project on toxins leading to systemic changes, with special emphasis on pneumotoxicity. The project will provide you with experience in a variety of up-to-date pharmacological and morphological research techniques. You must have an EU-recognised veterinary degree. Some experience in veterinary pathology, pharmacology, biochemistry or toxicology would be of benefit.

**Closing date: 15 November 2009**

For further information please contact Prof Anja Kipar  
(akipar@liv.ac.uk) or Dr Dominic Williams (dom@liv.ac.uk)
