

BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY

MODULAR EDUCATION PROGRAMME IN TOXICOLOGICAL PATHOLOGY

MODULE 1
TOXICOLOGY AND PATHOLOGY
Cambridge
Wednesday 9th - Friday 11th July 2014

17 Royal College of Pathologists CPD credits have been approved for this module

PROVISIONAL PROGRAMME (as at 8th May 2014)

Wednesday 9th July 2014	
<i>Techniques in Toxicologic & Experimental Pathology</i>	
08.45 - 09.15	Registration
09.15 - 09.30	Introduction by the Scientific Organiser
09.30 - 10.15	Descriptive pathology skills & data recording in toxicological & experimental pathology <i>Cheryl Scudamore, MRC Harwell, UK</i>
10.15 - 10.45	Break
10.45 - 12.00	Immunological techniques in toxicological pathology <i>Stewart Jones, ProPath, UK</i>
12.00 - 13.00	In situ techniques using nucleic acids <i>Kevin Randall, AstraZeneca, UK</i>
13.00 - 14.00	Lunch
14.00 - 14.45	Approaches to the analysis & interpretation of toxicology clinical pathology data <i>Peter Cotton, AstraZeneca, UK</i>
14.45 - 15.15	Break
15.15 - 16.45	Workshop/Case Studies: Haematology & clinical chemistry <i>Malcolm York, GlaxoSmithKline, UK & Peter Cotton, AstraZeneca, UK</i>
18.00 - 19.00	Informal Gathering at a Local Hotel

Thursday 10th July 2014	
<i>From Drug Discovery to First Time in Human</i>	
08.45 - 10.00	Use of nonclinical data for risk assessment and risk management in the clinic: Dose selection, dose escalation & monitoring <i>Jim Bush, Covance Laboratories, UK</i>
10.00 - 10.30	Break
10.30 - 11.30	In vivo imaging - overview/case histories <i>Kumar Changani, GlaxoSmithKline, UK</i>
11.30 - 12.30	Non-animal approaches to safety assessment <i>Carl Westmoreland, Unilever, UK</i>
12.30 - 13.30	Lunch
13.30 - 14.30	Pharmacogenetics & drug toxicity <i>Ann Daly, Institute of Cellular Medicine, Newcastle University, UK</i>
14.30 - 15.00	Break
15.00 - 16.00	Animal models in discovery - what is it? <i>Peter Hall, AstraZeneca, UK</i>
16.00 - 17.00	Animal models in discovery - case histories <i>Franck Chanut, GlaxoSmithKline, UK</i>

You are advised that the programme timings, lecture title and speakers may be subject to change without notice

MODULAR EDUCATION PROGRAMME IN TOXICOLOGICAL PATHOLOGY

MODULE 1
TOXICOLOGY AND PATHOLOGY
Cambridge
Wednesday 9th - Friday 11th July 2014

17 Royal College of Pathologists CPD credits have been approved for this module

PROVISIONAL PROGRAMME (as at 8th May 2014)

Friday 11th July 2014	
Focus on Drug Development	
09.00 - 10.00	Reproductive toxicology <i>Alan Hoberman, Charles River Laboratories, USA</i>
10.00 - 11.00	Is it adverse? Introduction and Part I of case histories & interactive discussion <i>Chris Powell/Jan Klapwijk/Colin Fish, GlaxoSmithKline, UK</i>
11.00 - 11.30	Break
11.30 - 12.30	Safety assessment of biologics <i>Simon Chivers, ADC Therapeutics, UK</i>
12.30 - 13.30	Lunch
13.30 - 14.30	A regulatory perspective on pathology data <i>Michelle McDonald, MHRA, UK</i>
14.30 - 15.00	Break
15.00 - 16.00	Safety pharmacology in drug discovery & development/case studies <i>Jim Louttit, GlaxoSmithKline, UK</i>
16.00 - 17.00	Is it adverse? Case histories & interactive discussion – Part II <i>Chris Powell/Jan Klapwijk/Colin Fish, GlaxoSmithKline, UK</i>
17.00	Closing remarks by the Scientific Organiser

You are advised that the programme timings, lecture title and speakers may be subject to change without notice
